

# Uchida Named 14th MBC Paper of the Year Awardee

Atsuko Uchida, a Postdoctoral Fellow at the Center for Molecular Neurobiology and Department of Neuroscience at The Ohio State University, was named by the *Molecular Biology of the Cell* Editorial Board as recipient of the 14th annual MBC Paper of the Year Award.

*Atsuko Uchida*

Uchida co-authored the article *Arrival, Reversal, and Departure of Neurofilaments at the Tips of Growing Axons* with Anthony Brown of The Ohio State University.

Uchida will present her research at a minisymposium at the ASCB Annual Meeting in San Francisco this December. ■
